

The variables of the SafeNet dataset

Preamble

The SafeNet dataset is an Excel spreadsheet of 1968 rows (observations) and 96 columns (variables). Table 1, given below, lists the names of those variables, along with any overarching headings under which they are grouped, as they appear in that dataset. Also, that Table shows which of those variables has been summarised in Appendix 6 and the relevant numbers and titles of the Figures that appear in that Appendix.

Table 1 The variables of the SafeNet dataset

Excel column index	Overarching heading (where appropriate)	Column (i.e., variable) name	Appendix 6 Fig No.	Appendix 6 Figure title
A	None	Impact point	Not applicable	Not applicable
B		Question posed	Not applicable	Not applicable
C		Anonymised Case Reference	Not applicable	Not applicable
D		Force	Not applicable	Not applicable
E		Date referral received	1	Date referral received
F		Source of referral	17	Source of referral
G		KIRAT level	18	KIRAT level
H		Overall risk assessment	57	Overall risk assessment
I	Scene attendance	Police scene attendance	58	Police scene attendance
J		Date of scene attendance	2	Date of scene attendance
K		Time of scene attendance	3	Time of scene attendance
L		Have DFU staff attended?	59	Have DFU staff attended?
M		How many DFU staff attended?	60	How many DFU staff attended?
N		How many mobile devices were seized for initial triage examination?	19	How many mobile devices were seized for initial triage examination?
O	Scene attendance	How many tablets were seized for initial triage examination?	20	How many tablets were seized for initial triage examination?
P		How many computers were seized for initial triage examination?	21	How many computers were seized for initial triage examination?

Excel column index	Overarching heading (where appropriate)	Column (i.e., variable) name	Appendix 6 Fig No.	Appendix 6 Figure title
Q		How many other exhibits were seized for initial triage examination?	22	How many other exhibits were seized for initial triage examination?
R		How many mobile devices were examined at the scene?	23	How many mobile devices were examined at the scene?
S		How many tablets were examined at the scene?	24	How many tablets were examined at the scene?
T		How many computers were examined at the scene?	25	How many computers were examined at the scene?
U		How many other digital devices were examined at the scene?	26	How many other digital devices were examined at the scene?
V		How many mobile devices were recovered from the scene?	27	How many mobile devices were recovered from the scene?
W		How many tablets were recovered from the scene?	28	How many tablets were recovered from the scene?
X		How many computers were recovered from the scene?	29	How many computers were recovered from the scene?
Y		How many other digital devices were recovered from the scene?	30	How many other digital devices were recovered from the scene?
Z		Early evidence provided?	31	Early evidence provided?
AA		Referral package intelligence confirmed?	61	Referral package intelligence confirmed from scene attendance?
AB		First generation images identified?	32	First generation images identified?
AC		Early investigation	Early interview taken place?	4
AD	Date of early interview		5	Date of early interview
AE	Time of early interview		6	Time of early interview
AF	Place of interview		7	Place of interview
AG	Early interview suspect account		33	Early interview suspect account
AH	Early investigation outcome		34	Early investigation outcome
AI	Support referral		62	Support referral from early investigation
AJ	DFU Laboratory	Date of DFU submission - MG21 to submissions	8	Date of DFU submission - MG21 to submissions
AK		How many mobile devices submitted for DFU examination?	35	How many mobile devices submitted for DFU examination?
AL		How many tablets submitted for DFU examination?	36	How many tablets submitted for DFU examination?
AM	DFU Laboratory	How many computers submitted for DFU examination?	37	How many computers submitted for DFU examination?
AN		How many other exhibits submitted for DFU examination?	38	How many other exhibits submitted for DFU examination?

Excel column index	Overarching heading (where appropriate)	Column (i.e., variable) name	Appendix 6 Fig No.	Appendix 6 Figure title
AO		Date DFU work started	9	Date DFU work started
AP		Date DFU work completed	10	Date DFU work completed
AQ		Number of mobile devices examined in DFU	39	Number of mobile devices examined in DFU
AR		Number of tablets examined in DFU	40	Number of tablets examined in DFU
AS		Number of computers examined in DFU	41	Number of computers examined in DFU
AT		Number of other exhibits examined in DFU	42	Number of other exhibits examined in DFU
AU		Number of mobile devices eliminated by laboratory triage	43	Number of mobile devices eliminated by laboratory triage
AV		Number of tablets eliminated by laboratory triage	44	Number of tablets eliminated by laboratory triage
AW		Number of computers eliminated by laboratory triage	45	Number of computers eliminated by laboratory triage
AX		Number of other exhibits eliminated by laboratory triage	46	Number of other exhibits eliminated by laboratory triage
AY		Referral package intelligence confirmed?	63	Referral package intelligence confirmed by work in the DFU laboratory?
AZ		SFR produced?	64	SFR produced?
BA		Investigation	Further interviews taken place?	11
BB	Date of interview		12	Date of any interview during the investigation phase
BC	Time of interview		13	Time of any interview during the investigation phase
BD	Place of interview		14	Place of any interview during the investigation phase
BE	Interview suspect account		15	Interview suspect account during the investigation phase
BF	Interview outcome		47	Interview outcome during the investigation phase
BG	Support referral		65	Support referral during the investigation phase
BH	CPS referral made?		66	CPS referral made?
BI	Disposal	Charges applied?	67	Charges applied?
BJ		Charges	Not applicable	Not applicable
BK	Disposal	Early case management - SFR agreed?	68	Early case management - SFR agreed?
BL		Guilty plea?	48	Guilty plea?

Excel column index	Overarching heading (where appropriate)	Column (i.e., variable) name	Appendix 6 Fig No.	Appendix 6 Figure title
BM		Trial court	16	Trial court
BN		Trial outcome	69	Trial outcome
BO		Final sanction	70	Final sanction
BP	Approach taken to answering the question	Was forensics used?	71	Was forensics used?
BQ		Forensic Discipline 1	Not applicable	Not applicable
BR		Did it contribute?	Not applicable	Not applicable
BS		Forensic Discipline 2	Not applicable	Not applicable
BT		Did it contribute?	Not applicable	Not applicable
BU		Forensic Discipline 3	Not applicable	Not applicable
BV		Did it contribute?	Not applicable	Not applicable
BW		Forensic Discipline 4	Not applicable	Not applicable
BX		Did it contribute?	Not applicable	Not applicable
BY		Forensic Discipline 5	Not applicable	Not applicable
BZ		Did it contribute?	Not applicable	Not applicable
CA		Forensic Discipline 6	Not applicable	Not applicable
CB		Did it contribute?	Not applicable	Not applicable
CC		Did forensics contribute overall?	49	Did forensics contribute overall?
CD		Did forensics contribute exclusively?	50	Did forensics contribute exclusively?
CE		Non-forensic approach used?	72	Non-forensic approach used?
CF		Type of non-forensic approach used	73	Type of non-forensic approach used
CG		Type of non-forensic approach used	Not applicable	Not applicable
CH		Type of non-forensic approach used	Not applicable	Not applicable
CI		Approach taken to answering the question	Type of non-forensic approach used	Not applicable
CJ	Did any non-forensic approach contribute?		51	Did any non-forensic approach contribute?

Excel column index	Overarching heading (where appropriate)	Column (i.e., variable) name	Appendix 6 Fig No.	Appendix 6 Figure title
CK		Did the non-forensic approach contribute exclusively?	52	Did the non-forensic approach contribute exclusively?
CL		Did both methods contribute?	53	Did both forensic and non-forensic methods contribute?
CM		Est Time Taken to Answer the Question (Days)	Not applicable	Not applicable
CN		Est Cost of Answering the Question	Not applicable	Not applicable
CO	None	Final Outcome	74	Final Outcome
CP		At Scene triage	55	At Scene triage
CQ		Forensics Not Started	54	Forensics Not Started
CR		Place of triage	56	Place of triage
